THE WEISS CASE DROPPED.

As stated yesterday Jacob Weiss, father of Amelia Weiss, will not be brought to trial in the county on the charge of shooting John W. Mullen, because the wounded man refuses to appear against the father of the girl to whom he was engaged.

The daughter, held as a witness in the county jail, was released yesterday by order of Commonwealth's Attorney Crandall Mackey. The hearing, which was set for this morning, has been indefinitely postponed.

"Mr. Mullen told me that one reason for his decision not to appear against Mr. Weiss," said Mr. Mackey yesterday, "is because he did not believe that any jury would ever convict Mr. Weiss. He also said he did not believe that he would be entirely safe from a charge should he venture into Alexandria county. The only consideration which will ever make me appear publicly in the matter again," he told me, "would be the arrest of some negro charged with the crime. In that event I should not hesitate to appear and swear that it was no negro who shot me."

"When I was notified of Mullen's determination to withdraw his support from the prosecution," continued Mr. Mackey, "I knew that without his testimony I could hope to obtain no conviction in the case."

"I then entered a nolle proes before Magistrate E. F. Thompson, who was to have heard the case Saturday and I guess this is the end of the matter."

"I want to say, however, that I do not feel kindly to persons who have endeavored throughout the investigation of the shooting of Mullen to fix the crime upon a negro. There will be no charge made against Mullen, so far as I know, and of course he would have been perfectly safe in coming to Alexandria county to testify."

It is learned that Mullen's motive for nonprosecution is his desire not to be cross-examined by the attorneys for the defense, being especially desirous to escape certain lawyers' questions which are said to be embarrassing. It is said that Mullen was shot in his thigh; no bullet holes were found in his clothing.

Mullen has practically recovered and will be able to leave the hospital for good within a few days.

## SUIT FOR DAMAGES.

Alleging false arrest at the hands of a watchman, named Wilson, while en route from Washington to Norfolk on the steamer Norfolk, Waverly N. Bagland, of Petersburg, has filed suit for \$10,000 against the Norfolk and Washington Steamboat Company in the United States Court at Norfolk. Mr. Bagland states that on the night of September 25th, he was dragged from the saloon deck to the lower deck and there imprisoned for two hours in a "small dirty room." He also declares that the arrest was unlawful, for, and that undue force was used by the watchman.

## BETHANY CHURCH.

At a meeting of the quarterly conference of Bethany M. P. Church held last night the report of the treasurer showed the finances of the church to be in a most encouraging condition. Out of an expenditure, since its organization, for the past five months and a half, of nearly a thousand dollars in the way of running expenses, repairs to building and furnishings for the church, less than a hundred dollars indebtedness remains, which is provided for. The Sunday school has one hundred and twenty-five scholars, an increase of one hundred and forty per cent.

MR. BARRETT'S LECTURE.

Much interest is being manifested among the men of Alexandria over the lecture of Mr. John Barrett at the Second Presbyterian Church next Monday night. He will doubtless be heard by a large crowd, for all who heard him last spring, are enthusiastic in their praise. His subject, "The Panama Canal," is timely and attractive.

There was an average supply of country produce in market this morning. Prices were about the same as those which prevailed last Saturday.

## JUVENILE OFFENDERS.

Among the cases in the Police Court this morning was that of two white boys, aged respectively 11 and 9 years, charged with selling brass belonging to the Southern Railway Company. One of the children had received 85 cents for the brass, and the other 35 cents. The accused were dismissed with an admonition after their parents had refunded the money. In disposing of the case the court called the attention of the buyer to the fact that he had dealt with two irresponsible children, and that it should have been apparent to him that the little boys were not disposing of their own property. Railway journal brasses have often figured of late in the Police Court in cases of petty larceny, and fines have been imposed upon those who have sold them. The accused heretofore have been persons who have arrived at the age of responsibility, but it seems, their example is being followed by others of more tender years.

## PERSONAL.

## ALUMNI BANQUET.

One of the enjoyable social events in connection with the Episcopal Convention was the banquet held last night by the alumni of the Virginia Theological Seminary at the Masonic Temple. Covers were laid for about 250 people, among those present being many of the most prominent members of the convention from all parts of the country. Many rectors from Virginia and North Carolina also came in for the occasion. There were a number of notable off-hand speeches, and the evening was greatly enjoyed by all present. — [Richmond Times Dispatch.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed.
